Choose to be Remarkable!

The usual. It's conventional, operating within the established norms. It's predictable, delivering the expected. It's comfortable, maintaining the status quo. It's... safe! But, the usual will never be Remarkable! Remarkable means notably or conspicuously UN-usual. It's living and doing business in such an extraordinary way that people have an irrepressible desire to tell others about you.

Relationomics

Relationships are at the core of our lives. They shape and refine our character. They influence our worldview. They're not just important to us as human beings – they're crucial. So it should come as no surprise that healthy relationships are the heart of successful businesses. And yet, many organizational cultures do not promote healthy relationships. Those that do, find that they enjoy greater effectiveness, reputation and loyalty.
